

# #PracticeForSita

## A FUNDRAISER FOR A BETTER LIFE

FALL  
2015

Sita is a 15-year-old who's life was shattered when the mobile phone he was using exploded, damaging his entire face and leaving physical and emotional scars that jeopardize any happiness in his future. Prospects of marriage, education, and work are severely diminished.

To help Sita's already dire financial situation, we're raising money to be kept in an account which will provide supplemental income throughout his life.

Any funds raised for #TeachForSitaram or #PracticeForSita over and above the stated target of \$8,000 will be put toward Operation Shanti's existing charitable efforts in Mysore, India.
